MINIMAL DESIGN
HIGH VISUAL COMFORT
ADJUSTABLE BEAM ANGLE

Lampada a LED snodabile dalla linea essenziale: l'originale forma sfaccettata della testa definisce un carattere grafico e rigoroso. Il braccio in carbonio, snodabile a 120° sull'asse verticale, e la testa, rotante di 175°, consentono di orientare il fascio luminoso in base alle specifiche esigenze dell'ambiente.

LED swing lamp with minimal design. The original shape of its faceted head defines its strong and graphic character. The swing arm moving through a range of 120° on the vertical axis and the head rotating up to 175° allow to adjust the light beam according to the specific requirements of any environment.

Lo schermo anti-abbagliamento a nido d'ape garantisce un elevato comfort visivo. Disponibile in versione da terra (h 150 cm) e da tavolo (h 70 cm).

The honeycomb louver controls glare and ensures the utmost visual comfort. Available in two versions - floor lamp with (h 150 cm) and table lamp with (h 70 cm).
